I Couldn’t Give Raspberry Pi #19

written by Mert SARICA | 14 March 2021

On the 12th of March 2021, those who successfully completed the Pi Hediyem Var cybersecurity game, which was held for the 19th time, are before you!

SOLUTION PATH:

You can read the solution path of the game in the write-up titled Malicious Image in the coming days.

GAME SUCCESSFULLY COMPLETED BY: Eren ÇAR

WINNERS ELIGIBLE FOR DRAW: None

WINNER: According to the rules of the draw, the Raspberry Pi has been passed on to the next game.

I would like to thank everyone who successfully completed the game, including Eren ÇAR, who successfully solved, participated, supported, and sponsored the game, and hope to see you in the following games.
