

My Blog Turns 16 Today!

written by Mert SARICA | 19 November 2025

For the past 16 years, this blog has been more than a place where I share what I learn about cybersecurity—it has been a quiet witness to my professional journey. Throughout this time, I've tried to guide young people stepping into the field, support professionals who want to grow in cyber security, and help everyday users protect themselves from the traps of an increasingly complex digital world.

The interest you've shown in my research articles, along with your thoughtful comments and messages over the years, truly keeps this blog alive and motivates me to keep going.

Thanks for being part of this journey. The next research begins shortly.
